

# Report Gender Working Group

*Coordinator:* [monika.vana@gruene.at](mailto:monika.vana@gruene.at) (EGP-committee)

## 1. Women and crises

Guests: Marije Cornelissen, MEP; Elisabeth Horstkötter, advisor in the Green Group in the EP.

We discussed the draft Report on women and crises from Raul Romeva (Green MEP), the situation in the member states on the effects of the crises and the complete exclusion of women's issues and gender mainstreaming of the discussion, as well as the green actions on this in the member parties.

There will be some amendments to resolutions, especially Europe 2020, on the topic of gender, eg. gender pay gap, during this council.

## 2. Beijing + 15

On the Malmö council we decided to make a resolution on Beijing +15 in Barcelona. This was not possible because of organisational troubles (illness of the responsible person before the council). Nevertheless we discussed the topic and planned a follow up for the next council in Tallinn. There will be a big women's conference in Venezuela in March 2011, as well as a conference of "women from the basis" in India.
