1	EELV	15	add	European Greens consider that any issues of environmentally friendly, sustainable tourism must take 15 a rightful place on the agenda of the Eastern Partnership.	European Greens consider that any issues of environmentally friendly, sustainable tourism must take 15 a rightful place on the agenda of the Eastern Partnership, in coordination with the Black Sea Economic Cooperation and the Balkan and Black Sea Cooperation, as several countries bordering the Black Sea were and still are not averse to military interventions in their neighbouring countries	The resolution seems to take the Black sea as a trouble free region, which is far from reality. In an endeavor to promote peace in the region coordination with existing international bodies might succeed
