1	AM-1-1	Miljöpartiet de gröna		New title: European Political Movements must remain pan-European!	Describing what it is actually about, to not create confusion. We're not a party, we're a movement and an umbrella organisation for parties.
2	AM-20-1	Miljöpartiet de gröna	extremely seriously. As European Greens, we have always been clear in our commitment to protect our democratic structures and values against foreign interference. We continue to support measures that limit or prevent foreign interference as well as continue to call for the highest possible standards to ensure transparency of European political parties and foundations.	From line 19 to 23: extremely seriously. As European Greens, we have always been clear in our commitment to protect our democratic structures and values against malicious foreign interference. We continue to support measures that limit or prevent malicious foreign interference as well as continue to call for the highest possible standards to ensure transparency of European political parties movements and foundations.	The original text sounds very protectionist - let's not go down that road. Also changing to "movements" from "parties" to be in line with the title.
3	AM-33-1	Miljöpartiet de gröna	It is our conviction that European political parties and foundations, have a vital role to play in further developing the European demos.	From line 33 to 34: It is our conviction that European political parties movements and foundations, have a vital role to play in further developing the European demos.	Describing what it is actually about, to not create confusion. We're not a party, we're a movement and an umbrella organisation for parties.

6	AM-45-1	Green Party of England and Wales	and deepen the EU's relationships with the United Kingdom, Norway as well as Switzerland and Iceland.	Insert from line 44 to 45: and deepen the EU's relationships with the United Kingdom, Norway as well as Switzerland and Iceland, <u>especially at a time when Brexit is clearly influencing how Greens in some non-EU countries want to relate to the EU. In addition, European political parties and foundations should also support the Green Party of England & Wales', the Scottish Green Party, and the Green Party Northern Ireland in their campaigns to rejoin the EU.</u>	It's important to acknowledge the impact of Brexit and that support the EGP member parties that want to rejoin the EU
