

EGP Council, Berlin, 23 - 25 November 2018 Adopted EGP Resolution

Proposal for prolongation of the deadline for candidacies for the election of the next EGP Committee (2019-2022) in Autumn 2019

Tabled by: EGP Committee

A new EGP Committee will be elected at the Autumn Council 2019, as the mandate of the current EGP Committee will end in November 2019.

The EGP Rule Book Article 39 with provisions for election procedures stipulates:

*"39.2 The European Green Party office will send out a call for candidates for election to the European Green Party Committee 3 months ahead of the Council meeting. Deadline for presentation of candidates is **2 months** before the Council meeting. "*

Taking into account that:

- the Autumn Council 2019 is scheduled for 8-10 November 2019, therefore the deadline for the member parties to present candidates would be 8 September 2019;
- the holiday season starts and ends at different moments in all regions of Europe and runs roughly between 21 June and mid-September;
- the call for candidacies will be sent at the latest 3 months before the Council, but we will aim to already send in July 2019.

To allow more time for the member parties, the Committee proposes applying a deadline of **6 weeks** instead of 2 months for presenting candidacies. The deadline would then be 20 September 2019.

The European Green Party Council:

- Agrees to apply a deadline of 6 weeks before the Autumn Council, 8-10 November 2019 for the presentation of Committee candidates: **20 September 2019**
