Presentation of the Candidates for the FAB, Conciliation Panel, and Global Greens & Presentation of URA's application for full membership

9:00-10:00

Moderators:

- Benedetta De Marte, EGP Secretary General
- Sibylle Steffan, EGP Committee Member

Benedetta De Marte welcomes the delegates. This session will start with a presentation of the 14 candidates for the EGP Bodies - the Financial Advisory Board (FAB), the Conciliation Panel (CP), and the EGP representatives in the Global Greens Coordination (GGC) - and will be followed by a presentation by URA as a full membership candidate.

Benedetta gives an explanation about the overlooking of the gender balance for the Amendments Committee election and apologises on behalf of the Committee to the two male candidates and to the Delegates for the mistake. The election is postponed to spring 2023 when a by-election will be organised. Replying to a question from the floor, Benedetta states it is very important for the European Green Party to respect gender quota in its bodies, and to not create precedents for violating the gender balance, hence the Committee's decision to postpone the elections.

Sibylle opens the presentation of the **candidates for FAB**, welcoming the two candidates on stage for 1-minute presentations. Christian Kmiolek from déi gréng (Luxembourg) and Nadia van Huisstede from GroenLinks (Netherlands) introduce themselves, both running for a second term.

No questions are asked from the floor.

Sibylle continues with the five **candidates for the Conciliation Panel**. They present themselves in the following order:

1. Ursula Berner, Die Grünen - Die Grüne Alternative (Austria)
2. Tetiana Bodun, Partija Zelenykh Ukrainy (Ukraine)
3. Ed Davitt, Irish Green Party (Ireland)
4. Frieda Jans, Groen (Belgium)
5. Imane Nadif, GroenLinks (Netherlands)

No questions are asked from the floor.

Sybillie opens the floor for the **candidates for the Global Greens Coordination**. There are seven candidacies, and they are presented in the following order:

1. Zaritsa Dinkova, Green Movement (Bulgaria)
2. Evelyne Huytebroeck, Ecolo (Belgium)
3. Serhii Kurykin, Partija Zelenykh Ukrainy (Ukraine)
4. Eleanor Morrissey, Federation of Young European Greens (UK)
5. Pauline Nales, Europe Ecologie - Les Verts (France)
6. Julius Nebel, Bündnis 90/Die Grünen (Germany)
7. Bodil Valero, Miljöpartiet de Gröna (Sweden)

Sybillie opens the floor for questions. Candidates are asked what they will do to strengthen the overall position of women, about the purpose of the Global Greens and the concrete actions they are proposing, which initiatives they want to undertake for people to enlarge their knowledge about the Global Greens, and what relevant experience the candidates have they can use within the Global Greens.

All candidates answer the questions from the audience. Sibylle thanks all candidates for their presentations.

Benedetta takes the floor to introduce **URA, Green Party from Montenegro, applying for full membership in the EGP**. She reminds the delegates that both the application and Fact-Finding Mission (FFM) report are available on the Council webpages and that $\frac{3}{4}$ of the allocated votes are required to accept their application in the voting session on Sunday. Benedetta informs the Council that URA will not be present during the voting session the following day (Sunday, 4 December).

Benedetta welcomes Mileta Radovanic, URA's Secretary General, Milena Vuković, member of the Board, and the rest of the delegation to the stage. A video made by URA is displayed. Milena presents the party's candidacy. She explains URA's origins and background in the complex political situation of Montenegro. She introduces the rest of the delegation. Mileta

emphasises the complexity of society in Montenegro. He explains the process of URA's path to EGP's family and labels URA as a Green Party, pushing green politics onto the agenda.

Benedetta opens the floor to the audience.

A Council delegate mentions one of Dritan Abazovic's speeches and questions the deal the Country made with the Serbian Orthodox Church under the lead of the current Government. The delegate also reports on allegations against URA and asks what the Party does to stop Serbian and Russian propaganda and to improve free media in Montenegro. Mileta replies that Dritan's words were twisted and misused. URA is a pro-European Green party that will not oppose EU integration and doesn't have any non-transparent relations with Russia. They want to improve relations with Serbia, as Montenegro's citizens are connected to Serbia. He invites the audience to talk to them bilaterally during the Congress.

Benedetta points out there is no time for other questions and highlights the history of EGP's relations with URA. She invites the delegates to reach out to URA and committee members if they have more questions.

Mileta thanks everyone from EGP and gives special thanks to staff member Vesna Jusup for her cooperation on URA application over the years.

Benedetta thanks all candidates, the URA representatives and the audience for their participation and closes the session.

Plenary

Membership reporting

18:00 – 18:30

Speaker: Benedetta De Marte, EGP Secretary General

Benedetta De Marte presents the activities, ongoing projects, upcoming projects, and changes in membership.

1. Activities

Benedetta mentions EGP held four Committee meetings in the last half year, and a meeting of the Secretary Generals of the Green parties participating in government. Benedetta gives an overview of the various member party activities across Europe, outlines the cooperation with the partners and lists the activities of the EGP networks and working groups.

Lastly, Benedetta goes over the revision of the rule book and statutes. She mentions it was a constructive process within the working group and that she hopes the revisions will be adopted tomorrow.

2. Ongoing projects

Benedetta mentions that the Recovery Tour took place in the Czech Republic, Spain and Estonia, with a total of 350 participants.

EGP also organised three screenings of The Green Screen, a project launched during the pandemic. A total of 1250 viewers participated, and three episodes of the Green Talking Heads podcast have also been recorded.

On the Local Councillors Network she reports more than 900 councillors now participate in the network. More exchanges are taking place on the platform and various webinars have been organised.

Benedetta goes over the Campaign Handbook 2.0, a platform collecting best practices for campaigning.

She then lists the communication activities. She mentions Tilt, a growing platform with 130.000 emailable contacts, and that 120 people participated in the Comms Network Meeting in Brussels. She explains the fundraising efforts, and two new social media channels (TikTok and Mastodon).

3. Upcoming projects 2023

In 2023, the Campaign working group will be established, with a first meeting foreseen in the first quarter of the year, as well as a Manifesto working group, to prepare proposals for the autumn Council/Congress 2023.

Benedetta mentions that a series of local events, as well as two missions to Portugal and Hungary are planned for next year.

The rule book changes will be implemented in 2023 as well. In Spring, a Green Leadership Council will take place.

4. Membership Changes

Benedetta reminds that EGP has welcomed two new candidate members at the last Council in June: Hållbart Initiativ, Åland Islands, Finland, and Progresīvie, Latvia.

There are no questions from the floor. Benedetta closes the session.

Plenary

Finance reporting

18:30 – 19:00

Speaker: Ute Michel, EGP Treasurer

Ute Michel presents the draft budget 2023, including membership fees and explains that we are transitioning from crisis mode to election campaign, referring to the pandemic and the upcoming 2024 European election. In 2022, we had an expenditure of approximately 7 million EUR (without carry-over, this would have been approximately 5 million EUR). To avoid a sudden drop of activity in 2023 before it goes up again in 2024 and undertake the best possible pre-election campaign, we are on track to achieve a substantial carry-over to 2023 (at least 500.000 EUR in 2023 budget).

The budget is balanced with a total of 5,913 million EUR income and expenditure. The membership fees are at 514.563 EUR of which 3.800 EUR from candidate members, legally categorised as donations.

Ute outlines the different categories of expenditure and income. Ute points out that EGP is provisioning 900.000 EUR for the 2023 campaign, of which 500.000 EUR staff and 400.000 EUR activities. The 2023/24 campaign budget will be presented for adoption at the Council/Congress in 2023.

Ute mentions that it is extremely difficult to plan for 2024, for the following reasons:

- The recast of Regulation 1141/2014 is in trialogue right now; structural financial issues, such as the percentage of own resources required and funds from non-EU countries, are controversial.
- The funding details for 2024 are unknown (in 2019 the grant was considerably increased).
- We are transitioning from huge carry-over budgets.

Ute hopes that the outcome of the recast 1141 trialogue process and an indication of the 2024 grant will be known in the next months.

Ute mentions that there were no amendments submitted to the financial documents to be voted on. Hence, the Committee proposes to the 36th EGP Council meeting in Copenhagen to adopt the draft total budget 2023 of 5.913.600 EUR (5.358.000 EUR EP budget + 555.600 EUR carry-over budget). This includes:

- withdrawing 310.600 EUR from the funds, split between a partial withdrawal from the Campaign Fund and Operational Reserve,
- adopting the draft membership fees 2023 as tabled, for EU countries only with a total of 514.563 EUR.

Membership fees will only be raised from EU member parties in line with current legal requirements. The voting rights of the non-EU member parties at Council/Congress remain unaffected.

Christian Kmiotek informs that the Finance Advisory Board recommends adopting this budget; the FAB report is available online.

Ute concludes the session after a short Q&A.
