9	AM-32-1	Federation of Young European Greens	the perspective of people with disabilities themselves as regards their own lives. Progressing from segregation to an inclusive society must be a political priority for all EGP member parties. As a solution to the way forward, we the European Greens see de-institutionalisation as the key element for the	From line 31 to 34: the perspective of people with disabilities themselves as regards their own lives. Progressing from segregation to an inclusive society must <u>should</u> be a political priority <u>goal</u> for all EGP member parties, and the <u>prioritization and consideration of the perspectives as well as the lived experiences of the affected people is long overdue. It is their life after all.</u> As a solution to the way forward, we the European Greens see de-institutionalisation as the key element for the	Change the perspective from a segregated society to an inclusive and diverse one, with the opinion and realities of people with disabilities.	Compromise wording agreed by FYEG: "Progressing from segregation to an inclusive society must be a political priority goal for all EGP member parties, and the prioritization and consideration of the perspectives as well as the lived experiences of the people with disabilities is long overdue. It is their life after all".
10	AM-47-1	Oikologoi Prasinoi / Ecologist Greens	The ideal of <i>Independent Living</i> goes much further than housing issues, however. One key aspect is the possibility to participate in the general labour market.	From line 47 to 48: The <u>However, the</u> ideal of <i>Independent Living</i> goes much further than housing issues, however . One key aspect is the possibility to participate in the general labour market.		Proposal to accept
11	AM-53-1	Miljöpartiet de gröna	and social protection frameworks accessible for all, including unemployment benefits or sick leave. These social investments generate fair chances for societal inclusion for people with disabilities. In general, legal frameworks	From line 52 to 54: and social protection frameworks accessible for all, including unemployment benefits or <u>and</u> sick leave <u>as well as sick pay</u> . These social investments generate fair chances for societal inclusion for people with disabilities. In general, legal frameworks		Proposal to accept
12	AM-53-2	Federation of Young European Greens	and social protection frameworks accessible for all, including unemployment benefits or sick leave. These social investments generate fair chances for societal inclusion for people with disabilities. In general, legal frameworks	Insert from line 52 to 54: and social protection frameworks accessible for all, including unemployment benefits or sick leave. <u>Further, international and national institutions must improve the quality of the jobs of people with disabilities due to the fact that this group only has access to precarious jobs. For that reason, employment for people with disabilities should be durable on the time, with enough compensation to have an independent life, and with the same rights and benefits as all worker people.</u> These social investments generate fair chances for societal inclusion for people with disabilities. In general, legal frameworks	The reality of people with disabilities are not good in access a job; discrimination and precariousness are the main characteristics of this group in the labor market.	Proposal to accept
