

Background

In December 2022 the 36th EGP Council adopted the revised EGP Statutes which stipulates three categories of EGP Membership: Full Membership, Associate Membership and Direct Membership (MEPs). As the revised membership categories do not include Candidate Members and are revising the Associate Member category, parties who were formerly in these two categories will need to be re-categorised.

At the same Council, the EGP Committee was mandated to facilitate a transition period until the Extraordinary Congress in June 2023 to prepare a proposal for re-categorisation of the former Candidate and Associate Members.

Proposed Re-categorisation
