3	AM-14-1	Oikologoi Prasinoi / Ecologist Greens	<p>These attacks put lives in danger. Restrictive abortion laws do not reduce the number of abortions, but increase the number of unsafe abortions. As a matter of fact, 45% of abortions in the world are not carried out safely, which leads to one woman dying every nine minutes after an illegal abortion procedure. There are other risks too, when abortion does not form part of reproductive healthcare, women in need of life-saving procedures face dying of septic shock. This has real-world consequences and has been observed recently in Poland. While Malta's lack of holistic reproductive healthcare came into in view in summer 2022 when a woman, Andrea Prudente, had to be airlifted to Spain to access a life-saving abortion.</p>	<p>From line 13 to 22:</p> <p>These attacks put lives in danger.
